It should be noted that sponsors have no role in programme planning or in the consensus statement process at Royal College of Physicians of Edinburgh conferences. The Royal College of Physicians of Edinburgh does not endorse any commercial products.

All invited contributors (speakers, chairmen, panel, authors of background papers, authors of poster abstracts and members of the organising committee) have been asked to make comprehensive declarations of interests as they relate to the Consensus Conference. The RCPE receives these declarations in good faith. Sight of the declarations can be requested by delegates on application. The Consensus Panel had access to the declarations during the preparation of the consensus statement.
