

Faculty of Medical and Human Sciences

School of Clinical and Laboratory Sciences

Clinical Research Fellowship

Ref: MHS/034/08

£29,585 - £32,510 p.a.

You will join an active multi-disciplinary clinical research team; your commitments will involve recruiting, screening and monitoring male subjects in a clinical trial of hormonal male contraception as well as active participation in the largest ever population survey of endocrine ageing in 3400 men from 8 countries in Europe.

You should have full MRCP or similar basic professional training in other specialties. Experience in research is desirable but not essential. You will be trained in research and statistical methods and should be prepared to be involved in full-time clinical research leading to a PhD or MD thesis.

This post is available for 12 months in the first instance with a possible further 24 months extension.

Informal enquiries may be made to Professor Frederick Wu on +44 (0) 161 276 6330 or email: frederick.wu@manchester.ac.uk

Application forms and further particulars are available from our website or by contacting +44 (0) 161 275 1197 or julie.heydon@manchester.ac.uk

Closing date: 18 February 2008.

The University will actively foster a culture of inclusion and diversity and will seek to achieve true equality of opportunity for all members of its community.
