Top Tips for New Doctors

Tuesday 28 July 2026

18:30 – 20:00

Online

Topics include:

- How to manage the deteriorating patient
- Mastering your ePortfolio
- Surviving your first week as an FY1
- What I wish I knew as an FY1

Attendance options:

- Online from home, with catch-up access, or
- In-person from a participating live-link site

This Evening Medical Update is designed to provide you with tips and advice for your first year as a new doctor. The programme features speakers with a personal knowledge of this important milestone in becoming a doctor.

This event is **free** of charge to all.

This event is aimed at medical graduates who will be starting their first hospital job in August, but it is open to all healthcare professionals and medical students.

The event will be recorded and made freely available on our Education Portal afterwards.
