**Guidelines for the Diagnosis and Management of**  
**Non-tuberculous Mycobacterial Pulmonary Disease (NTM-PD)**  
**Public consultation/Stakeholder comment form**

Name: Prof Mark Strachan, Secretary

Organisation: Royal College of Physicians of Edinburgh

Please indicate if you are responding as an individual or on behalf of the organisation noted above:

Individual response:

Organisation response:

Please add comments to the following table noting the section number and page number to which your comment refers.

Note 'general' in the section column if your comments relate to the whole document.

Please note that the Summary of recommendations should be read in conjunction with the Full guideline.

Document	Page	Line #	Comment
Full Guideline or Summary of recommendations			
FULL GUIDELINE	23		Recommendations referring to ATS/IDSA definition- would add – see Figure 1
FULL GUIDELINE			The College welcomes this very sensible guideline with evidence based recommendations and useful good practice points. The tables and figures reinforcing these are very helpful. The research recommendations are excellent and much needed.

Please add rows to this table as required.

Please return the completed form to:
